

Propiconazole 14.3

Locally Systemic Turf & Ornamental Fungicide

Economical, broad-spectrum disease control for cool and warm season grasses, trees, shrubs, and flowers.

- Microemulsion formulation for less odor, better tank stability and excellent plant coverage
- Locally systemic mode of action for long-lasting disease control
- Excellent tank mix partner with most other fungicides

Controls 49 turf and ornamental diseases including:

- | | |
|-----------------------|----------------|
